

PRECIOUSTATUS[®]

YOUR LIFELINE TO MOMENTS THAT MATTER

Privacy Policy

This PreciouStatus Privacy Policy (the "Privacy Policy") states the privacy practices and policies that apply to the PreciouStatus software application service accessible at www.precioustatus.com (the "Service"). The Service is owned and operated by PreciouStatus, LLC (referred to as "PreciouStatus," "we," and "our") and its licensors. This Privacy Policy applies to all visitors to and users (the "user," "you," and "your") of the Service.

Your privacy matters to us, so please take the time to read this Privacy Policy carefully.

Accessing and using the Service constitutes your acceptance of this Privacy Policy. We reserve the right to change this Privacy Policy at any time in our sole discretion. We will provide users with a notice of such changes posted on the Service itself. Your continued use of the Service following the posting of any changes to this Privacy Policy means that you accept and agree to the changes.

This Privacy Policy explains what information we collect, why we collect it, how we use the information, and your choices for restricting the use of the information.

INFORMATION YOU PROVIDE US

We DO NOT share, sell or otherwise distribute your personally identifiable information with any third parties.

We may collect personal information directly from you so that you can establish an account and we can provide the Service to you. This information may include your name and an email address.

When you contact us via email or any other means, we may keep and use a record of that communication indefinitely to address issues with the Service or for any other business purpose.

We may use your email address or other personal information to contact you about changes to the Service or this Privacy Policy.

How We Use Your Information

We use your Personal Information (in some cases, in conjunction with your Non-Identifying Information) to provide the PreciouStatus Services, complete your transactions, and administer your inquiries.

Certain Non-Identifying Information would be considered a part of your Personal Information if it were combined with other identifiers (for example, combining your zip code with your street address) in a way that enables you to be identified. But the same pieces of information are considered Non-Identifying Information when they are taken alone or combined only with other non-identifying information (for example, your viewing preferences).

We may combine your Personal Information with Non-Identifying Information and aggregate it with information collected from other PreciouStatus Users (defined below) to attempt to provide you with a better experience, to improve the quality and value of the PreciouStatus Services and to analyze and understand how our Site and PreciouStatus Services are used. We may also use the combined information without aggregating it to serve you specifically, for instance to deliver a product to you according to your preferences or restrictions.

Phishing. Identity theft and the practice currently known as "phishing" are of great concern to PreciouStatus. Safeguarding information to help protect you from identity theft is a top priority. We do not and will not, at any time, request your credit card information, your login information, or national identification numbers in a non-secure or unsolicited e-mail or telephone communication. For more information about phishing, visit the Federal Trade Commission's website.

Upon a Sale of the Business – We may transfer your information to a third party as part of a merger, reorganization, acquisition, or business asset sale. If we do, we will ensure that your personally identifiable information remains confidential.

INFORMATION WE COLLECT FROM YOUR USE OF THE SERVICE

We may use the following methods to collect information as you use the Service:

Log Information – When you use the Service we may automatically collect and store certain information in server logs, such as IP addresses, hardware settings, browser type, and referring URLs.

Local Storage – We may collect and store information locally on the device you use to access the Service, such as in web browser storage and application data caches.

Cookies and Other Identifiers – We use various technologies to collect and store information when you visit the Service, and this may include sending one or more cookies or anonymous identifiers to your device.

You may set your web browser to limit or block cookies. If you do so, the Service may not function properly for you.

We use all the information that we collect as you use the Service to operate, maintain, protect, improve, and enhance the Service and your user experience. We will ask your consent before using this information for any other purpose.

APPLICATION OF THIS POLICY

This Privacy Policy only applies to the Service. It does not apply to any websites or software applications owned or operated by any third parties, including any websites with links from our Service. We encourage you to be aware when you leave the Service, and to read the privacy statements of each website that collects personal information from you.

DATA SECURITY

PreciouStatus is very concerned with safeguarding your information. We employ reasonable physical, technological, and administrative security measures and attempt to ensure they are applicable under the circumstances. No method of transmission over the Internet, or method of electronic storage, is 100% secure, however. Therefore, while we strive to use commercially acceptable means to protect your personal information, we cannot guarantee its absolute security.

Access to your personally identifiable information and all the data you store on the Service is limited to authorized PreciouStatus personnel and is restricted by password protection and other security mechanisms.

CHANGES

We may change this Privacy Policy periodically.
